OBJECTIVE	1
BACKGROUND	1
POLICY	1
REVIEW	4

OBJECTIVE

The objective of this policy is to provide guidelines for the management of recurring donations by Council for rates and charges.

BACKGROUND

In accordance with Section 356 of the Local Government Act Ballina Shire Council annually donates rates and charges to a range of community groups. This policy provides a framework to explain how Council allocates that assistance. Section 356 of the Local Government Act also requires a council resolution for each donation. Therefore the policy provides a framework for the donation but not the authority to donate.

POLICY

Council will annually donate a range of rates and Council charges (eg. water, sewer, etc) to assist organisations in providing community based services to the Ballina local government area. This assistance is provided as Council recognises that many community based organisations have limited resources and by providing this donation Council can assist these organisations in providing those services.

Details of the assistance provided are as follows:

Guidelines for Selection:

- The recipient organisation must be not for profit and provide a community service within the Ballina Local Government area.
- The organisation will typically be located on community owned or controlled land, being either Council or crown land.

Strategies:

1. Council has identified broad categories of service providers that provide community services within the Ballina Shire and where community organisations fit into those categories they will be eligible for the donations listed in the following table (refer to next page)

10.5 Community Donations.DOC

Ballina Shire Council

Donations - Rates and Charges

Category/ Organisation	Rates	Water		Sewer		Waste	Storm water	On Site Septic
		Access	Consumed	Access	Usage			
Category A (donation of all rates and charges)								
Surf Life Saving Clubs	100%	100%	100%	100%	100%	100%	100%	100%
CWA Halls (1)	100%	100%	100%	100%	100%	100%	100%	100%
SES	100%	100%	100%	100%	100%	100%	100%	100%
Category B (donation of rates and any other fixed charges not directly related to a measurable "user pays" charge)								
Pre-schools Playgroups	100%	100%	Nil	100%	Nil	Nil	100%	100%
Scouts and Girl Guides	100%	100%	Nil	100%	Nil	Nil	100%	100%
Agricultural Societies	100%	100%	Nil	100%	Nil	Nil	100%	100%

3. Backlog Sewer Program and Policy

Council also has adopted a backlog sewer program, (refer to Council Policy titled "Backlog Sewer Program Policy") that aims to provide sewer infrastructure to environmentally sensitive properties located on the urban fringes. Under this policy Council has agreed to provide an 80% subsidy for the costs of reticulation and associated infrastructure for residential properties.

Council will recoup the costs of the 20% that is payable by residential and 100% due by non-residential property owners via the imposition of a higher annual sewer charge over a five year period for residential and ten year period for eligible non-residential properties. (refer to Backlog Policy).

For the properties in the next table Council resolved (Resolution 270308/20A) to waive the individual sewer charge for a period until the cumulative financial assistance granted matches the backlog sewer charge as they are not operated on a commercial basis.

24th November 2014

Dear Paul,

Re : Ferry Costs variance

Life without Barriers is a not for profit social service organisation that has been operating for twenty years.

There are a high number of programs Life Without Barriers provide across our community. This letter is in reference to the Federal Home Care (ACAR) Packages to the elderly of community. The aim of this program is to support our senior in our community to stay in their own homes rather than enter Residential Aged care.

We are currently assisting and supporting an elderly lady in South Ballina. The services we provide are nursing / support workers along with maintenance staff who provide services to the client's home. The location of South Ballina Re: ferry costing's is proving difficult, a variable ticket /ferry pass would be beneficial to staff and Life Without Barriers.

Our aim is to work within the Ballina Council Policy for the Burns Point Ferry; however given we have staff going to South Ballina regularly can you please consider a variance which may assist us.

I look forward to your reply

Kind regards

Peter Moore
