Yes

*The objective of a road safety improvement plan is sound,
* The document lacks proactive initiatives, Council cannot rely solely on traffic accident data to plan a comprehensive road safety strategy, EG.A left turn merge lane from the Teven Road exit into the Ballina town connection road and the Motorway On ramp is urgently required, this is a disaster waiting to happen.
There is insufficient provision for analysis of pedestrian safety(i.e. cross walks, and in particular the section of Bangalow road fronting the hospital and the community centre.
