6. Please provide any suggestions for improvement.

Provide opportunity for a citizen to borrow a cat trap ,with deposit but without a hire fee to catch persistent cats who appear to be feral or lost so council can either find owner or destroy if feral.this will help our bird life.I have personal experience with this problem but was told I had to pay to get trap box.i object to this policy as I would be doing a community service.  
Also,ifLennox Head plans go ahead remarking,it will mean dog owners won't be able to access off leash beach easily so think that same parking area should stay.  
Would ask that Angels Beach should have a two hour off leash period for dog exercise at say 6 to 8.even one hour ok.never kids on then and beach is never patrolled and not a good surf beach so few in water.the area could even be limited from Angels beach access at overpass to South to Black Head. This would ensure Flat rock is protected. Rangers would find many happy dog owners who would comply.those who don't know what happens.  
For future,off lease area at Compton needs a plan.Fence seems a bit odd as not fully done.the area is probably too big to be really successful.better I think to have eventually two area,one for small breeds and one larger for or more adventurous dogs. (bide rim has such) Also the area needs some enrichment for dogs,they like the bush area but even a couple of cement pipes would add some interest. Nudgee Beach has a good area with some interesting equipment is
