

Extend Sheather Street to Angels Beach Drive. Sheather Street and Clark Street are to be left in and left out only, with the potential right turn removed by construction of a raised concrete centre median island.

Pipe existing open drain from Sheather Street to the existing headwall and backfill. This is to provide additional informal parking to the SES.

Relocate Electricity Light Pole

Relocate Electricity Light Pole

Relocate Underground Electricity including High voltage

Proposed Land required for road widening. Subject to detailed survey and design. Realign kerb and concrete Path and widen section of concrete roundabout

Concrete pavement on roundabout to be widened
