2021 - 2025

our community our future

Our design rationale for this document is based on a conceptual interpretation of its contents. To symbolise the strategic community approach, we have used segmented shapes to represent the elements of the community that fit into the geographic focus – Ballina. Together, the shapes form the Ballina River map. Every element impacts on the challenges, direction and ultimately the future of its entire form – our community. We hope you enjoy the journey and the view.

integrated planning and reporting

Councils are required to prepare a ten-year Resourcing Strategy to identify the resources needed to implement their Community Strategic Plan, Delivery Program and Operational Plan. The Resourcing Strategy consists of the Asset Management Plan (AMPs), the Workforce Plan and the Long Term Financial Plan (LTFP).

The Workforce Plan provides details on our level of human resources and the strategies we have in place to ensure that our people are able to deliver the outcomes identified by our Council and community.

why we have a workforce management plan

Councils are required to prepare a ten-year Resourcing Strategy to identify the resources needed to implement their Community Strategic Plan, Delivery Program and Operational Plan.

The Resourcing Strategy consists of the Asset Management Plan (AMPs), the Workforce Management Plan and the Long Term Financial Plan (LTFP).

The Workforce Management Plan details the level of human resources and the strategies we have in place to ensure that our people deliver the outcomes identified by our Council and community.

Council prepares the Workforce Management Plan using a consultative approach. This is an ongoing process of review to ensure relevance and good planning for future organisational workforce needs.

overview

This plan is focused on the needs and priorities of the community to ensure Council's workforce is well-structured and has the capacity to deliver the programs outlined in Council's Community Strategic Plan (10 years), Delivery Program (4 years) and Operational Plan (1 year).

Council is a major employer in the Ballina Shire and we recognise our role in delivering high quality services to the community, and our role as an employer and trainer in the development of our community.

We recognise that motivated and engaged staff will reinforce Council's vision and values to our community.

We also recognise the human resource challenges ahead, including an ageing workforce, retaining quality staff and talent management for future skills.

Implementation of our Workforce Management Plan, along with an integrated approach to organisation development, will build upon the existing workforce and help bring about improvements in what we do and how we deliver services.

Our values, creative, accessible, respect, energetic and safe play a key role in shaping our culture and influencing our staff to drive Council's outcomes and achieve high levels of organisational performance.

Our values are embedded through recruitment, onboarding, performance management, policies and procedures, learning and development and safety.

Our people are our greatest asset and a committed and engaged workforce results in improved organisational outcomes, and better service delivery and facilities for our community.

**Corporate and
Community Division**

- Facilities Management
- People and Culture
- Information Services
- Communications
- Commercial Services
- Financial Services
- Contracts and Procurement

- Strategic Planning
- Development Services
- Public and
Environmental Health
- Open Spaces

This structure aims to ensure alignment of various internal functions to focus on service delivery throughout our planning and regulatory functions, our corporate services and our infrastructure delivery.

To ensure we can effectively deliver services to the community we continue to analyse our employee data to maintain a relevant profile of our workforce. This data helps us identify the key challenges for our workforce.

Council currently employs 358 permanent full time, part time and temporary staff (excluding casual staff). Casual staff are employed as required. In addition, Council has a proactive trainee and apprentice program to support opportunities for learning in our community and Council's succession planning requirements.

employment status

▲ employment status

Council maintained a stable staff turnover of 7.1% in 2020. Nineteen per cent of resignations during this period were for retirement. A low turnover is often indicative of strong employee engagement although it is important that the organisation remains innovative and continues to improve.

The predominant employment type is permanent full-time. There are also people employed on a permanent and temporary part-time basis, reflecting flexible work arrangements.

Council is committed to providing opportunities for young people to develop their skills and currently supports 13 trainees and apprentices.

Our traineeship and apprenticeship program has provided numerous career paths for young people who have brought a positive approach, enthusiasm and helped refresh our organisation. This program has also been an invaluable part of our succession planning process and in response to the known skills shortages in the industry.

In 2020 Council had an indigenous traineeship program supported through the Elsa Dixon Indigenous Traineeship Program. This encourages employment opportunities, while the students complete their HSC and promotes innovation in achieving outcomes for Aboriginal people.

Council also has a supported employment program for individuals with low to medium disability support needs. This program is an important part of our employment strategy to reflect the diversity of our community.

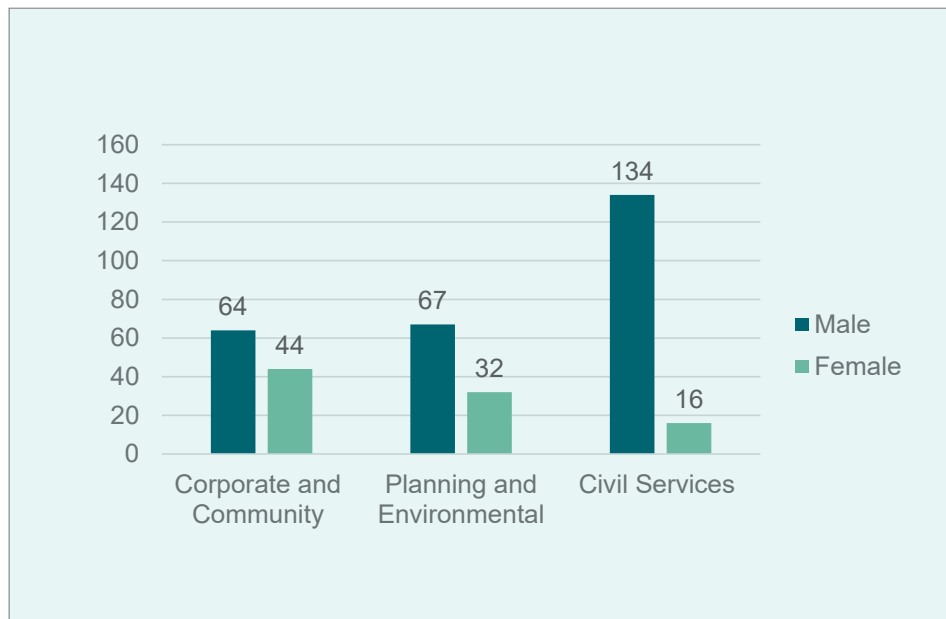

Council also employs a number of casuals, who are required as operational requirements dictate. As the number of casuals fluctuates, they have not been included in this analysis.

workforce gender by division

Council has a female / male ratio of 26:74. This is due to a significantly higher proportion of male employees in our field based roles.

Council continues to focus on developing female employees in professional and management roles and the continual focus of achieving gender equity in Council's Equal Employment Opportunity (EEO) Management Plan. Thirty eight per cent of our senior leaders are female.

The significant difference in the number of male and female employees is due to the lack of females in field-based positions, such as construction, trade, water and wastewater and the plant workshop. Through our EEO Management Plan targets and actions, we will continue to identify opportunities to increase the female work participation in these areas.

▲ *gender profile division*

organisation structure + profile cont'

age profile by gender (does not include trainees and apprenticeship program)

▲ age profile by gender

Males and females in the 45 to 54 age group comprise 43% of Council's workforce. This presents some level of risk as this group may be contemplating retirement in the next five to ten years. The major risk is the high number of employees in the 55 to 64 year age bracket, which comprises 27% of the workforce.

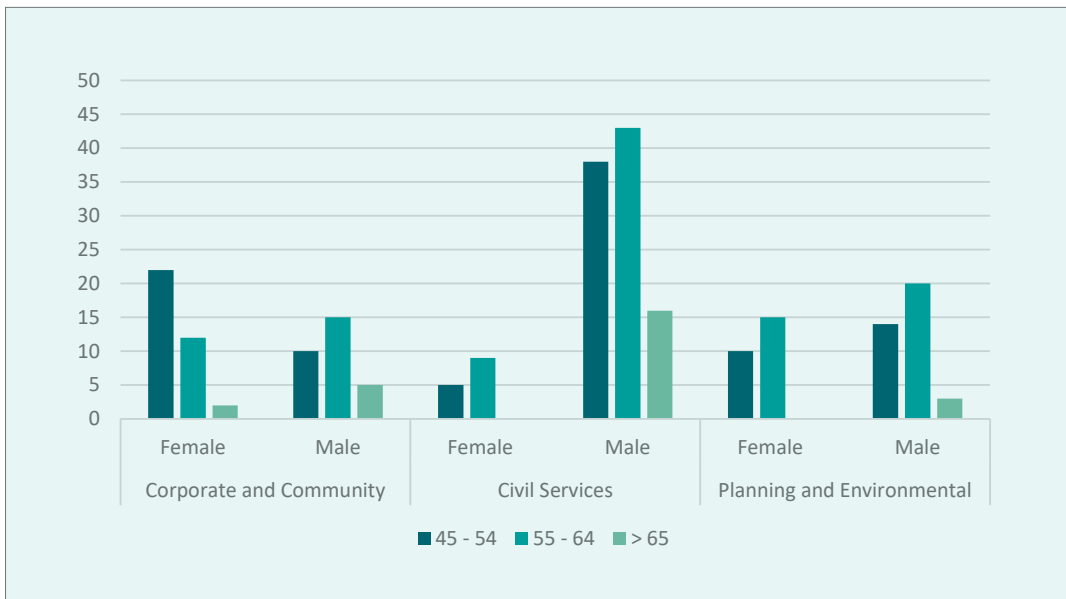

Collectively, these two groups represent 63% of the current workforce, who have significant years of service and possess substantial organisational knowledge.

Our mature workers represent a valuable source of productivity for Council with their strong drive to work. They provide a significant contribution through knowledge, experience, attitude and motivation, and the key risk identified with the ageing workforce is the potential to retire.

This means the strategic priorities are continued workforce management planning, succession planning and the transfer of skills and capture of knowledge to ensure that we adequately manage our workforce as retirements eventuate.

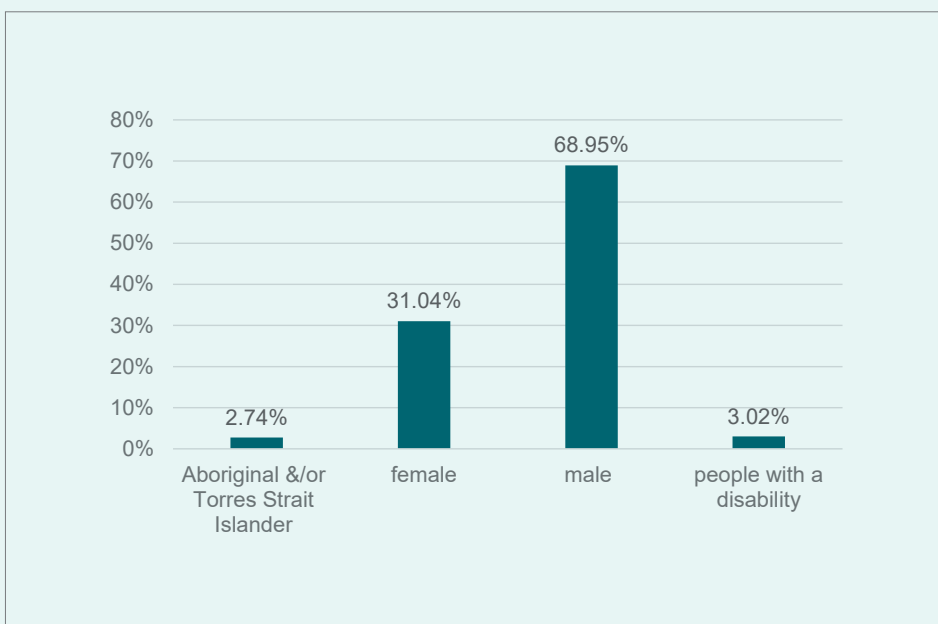

The high representation of males over 45 years of age, in field-based, predominately physical, roles, is a key consideration for Council in terms of pro-active injury management and enhancing safe work practices. Mentoring and succession planning are also key considerations and strategies for employees known to be approaching retirement or are in skills shortage identified roles.

building future capacity

02

key workforce priorities

In developing our Workforce Management Plan we evaluated the current and future capacity of our workforce, along with assessing the organisation profile. We also assessed how we would aim to have the right number of people, with the right skills, in the right jobs at the right time. In doing this we identified the following items as key workforce priorities:

ATTRACTION AND RETENTION

As a regional organisation, Council strives for efficient and innovative approaches when recruiting a diverse and capable workforce with the required skills sets to meet future needs. It is equally important to focus on retaining people with the right technical, specialist and leadership skills.

AGEING WORKFORCE

With 57% of our workforce over 45 years of age, we will ensure corporate knowledge is built, retained and accessible. It is important that we continue to manage skill transfer and maintain corporate knowledge through succession planning and by providing flexible work options for transition to retirement. We will continue to monitor and support the safety and wellbeing of our people.

EMPLOYMENT EQUITY AND DIVERSITY

Council recognises the value of diversity within its workforce and we will implement programs to support diversity and inclusion through the organisation. Our workforce should reflect the diversity of our community, as this will improve our understanding of the community and assist in our service delivery.

LEARNING AND DEVELOPMENT

We will continue to ensure Council is prepared for changing business requirements and challenges. Our strong focus remains on building our leadership capability, operational skills, offering development opportunities and driving a high performance, values based culture. Our learning and development program aims to ensure that the skills, qualifications and competencies of staff meet our current and future operational requirements.

ORGANISATION CULTURE

We will continue to embed our values within our processes and practices and foster a creative, accessible, respectful, energetic and safe culture. Our aim is to motivate and engage our employees to remain outcomes focused and responsive to customer and community needs.

WORK HEALTH AND SAFETY (WHS)

We have a strong performance record of managing safety and this remains a significant priority for our organisation. We want our workforce to arrive at work safely and go home safely. We aim to deliver the highest level of safety for the public entering our worksites and for our employees, contractors and volunteers.

appendices ***workforce distribution and gaps***

We accept that there will never be sufficient funds to deliver all the services desired by the community, as is the case with all levels of government.

However, we will plan and identify where additional human resources are required to maintain and improve our service levels, to undertake activities currently not occurring, or to assist with future planning.

The two appendices to this document provide:

Appendix A – Workforce Distribution

Provides information about changes in councils workforce over time, along with forecasts.

Appendix B – Workforce Gaps

Provides a summary of the additional positions identified as desirable, or essential. This also identifies which positions have and have not been included in Council's LTFP.

Where positions are not in the LTFP, Council will annually review this Workforce Management Plan, to determine whether there are opportunities to include those positions in future forecasts.

Appendix A – Workforce distribution

These figures reflect equivalent full time positions and exclude trainees and apprentices. As at the time of preparing this information for 2021/22 Council has 13 trainees and apprentices.

PLANNING AND ENVIRONMENTAL HEALTH DIVISION									
STRATEGIC PLANNING									
Gallery Programs Officer Part Time (three days)	10	Ongoing program requirements for the Gallery require additional support. Council has been unsuccessful in obtaining continued grant funding to deliver these services.	51,000	No					Council to determine whether part funding is to be sourced from a \$23,000 saving by ceasing membership with Arts Northern Rivers. The balance will need to be funded from other savings.
Sustainability (Climate) Officer Part Time (three days)	15	Proactively pursue environmental actions and climate change initiatives. Implement climate action policy	47,000	Yes	47,000	48,000	49,000	50,000	Two days allocated to bring role into the organisation.
DEVELOPMENT SERVICES									
Graduate Development Assessment Officer	10	Ongoing trend for increased development activity in Ballina Shire particularly in association with multiple large subdivision land releases.	85,000	Yes	85,000	86,000	88,000	90,000	Assumption is that current graduates are retained and regraded and this role would allow for a new graduate to provide succession. Funded by projected increase to revenue from development activity.
Development Assessment Officer	12	Ongoing trend for increased development activity.	95,000	No					To be funded by projected increase to revenue from development activity. Currently a significant operating deficit.
Compliance Officer Swimming Pool Inspections Part Time (two days)	10	Ongoing trend for increased development activity.	34,000	Yes	34,000	35,000	35,000	36,000	Provide for an additional two days per week for an existing part time officer who has trained in pool compliance. Funded by projected increase to revenue from development activity.
Environmental Scientist Part Time (three days)	13	Environmental issues are increasing in scope and complexity. The shortage in this skill area often impacts on processing times.	61,000	No					Council has employed one additional Environmental Scientist in recent years.
Business Support Officer	10	Need for specialised management of planning portal upon mandatory introduction in mid-2021.	85,000	Yes	85,000	86,000	88,000	90,000	Position also includes process improvement responsibilities and system management. Part funded by vacant three day per week Grade 7 position. Shortfall in 2021/22 is \$35,000 and this has been funded from increased revenue from development activity.
Administration Officer Part Time (three days)	7	Ongoing trend for increased development activity. This results in increased application management, customer service and record keeping requirements.	47,000	No					To be funded by projected increase to revenue from development activity. Currently a significant operating deficit.
PUBLIC AND ENVIRONMENTAL HEALTH									
OSSM Technical Field Officer Part Time (three days)	10	Support existing officers and completion of the planned programme is difficult within existing resources.	51,000	No					Current resources are not able to fully implement the inspection regime.
Ranger – Trainee	T4	To assist in routine tasks and support team and develop the profession.	38,000	No					Support the existing team as there is a significant increase in requests from other sections of Council along with community demands. May be able to fully or part funded if parking revenue increases beyond expectation, based on increased parking resources.
Environmental Health Officer - Contaminated Lands	16	To ensure Council meets its statutory obligations.	122,000	Yes	Grant funding	Part grant funding	126,000	129,000	Regional position currently funded by a grant and with changes to SEPP55 (Remediation of Land) and underground petroleum storage requirements, Council will need to review resources available. Position required to meet legislative requirements.
OPEN SPACES									
Landscape Architect / Urban Designer Part Time (three days)	15	Ongoing program of master planning and design projects that require urban design / landscape architect involvement. Presently primarily outsourced. In house retention of urban design / landscape architect skills will likely result in overall project cost savings.	70,000	Yes	70,000	71,000	72,000	74,000	Funding partly met from budgets raised to support the delivery of various master plans such as those programmed for Missingham, Spoonbill, Serpentine, Bullwinkle and Bicentennial Gardens and other capital projects. Approach is for position to be partially funded through salaries (14 hours) and partially through allocation to project budgets (seven hours). Also funded from savings in operating budgets.
