

11.5 Policy (Final) - Cemetery Management

ATTENTION JILLIAN PRATTEN

Dear Jillian

Further to our telephone conversation on Wednesday, 19 January 2010 I would like to comment further on Council's draft Cemetery Management Policy.

I want to take this opportunity to commend Ballina Shire Council on this policy and for undertaking the immense task of professionally managing the shires cemeteries. I would also like to say that I appreciate the communication and working relationship that I and my staff enjoy with Ballina Shire Council staff.

Overall the policy is very good. I would like to comment on one part and that is the booking times. I would like to see as standard the adoption of a 3.00 pm time slot and a Saturday morning time slot.

Lismore our neighbouring council allow on a weekday a 2.30 pm standard fee interment, a 4.00 pm burial with an overtime charge of \$275.00 and Saturday interments with an overtime charge of \$462.00.

It is becoming increasingly difficult to schedule funerals when we are often negotiating times between travelling families, ministers and council adopting a 2.00 pm latest burial. As I write this letter I have a family who cannot have a morning burial in Ballina because there is a morning burial at Alstonville on the same day. We then also have the difficulty of the Catholic Priest who has commitments on the next day only being able to take the service at 2.00 pm which means we cannot get to the cemetery before 3.00 pm.

I would appreciate Council's consideration on these matters before implementing the Cemetery Management Policy for the benefit of all stakeholders in Ballina Shire Council area.

If I can be of any further assistance or if you require any explanation on my comments then do not hesitate to contact me on 6686 7036.

Yours sincerely

Scott Steenson

REVIEW	15

POLICY

1. INTRODUCTION

The cemeteries are managed by Ballina Shire Council with all bookings for burials, placement of ashes, reservations for graves or niches to be made direct to Council. The ordering and placement of plaques is also managed by Council.

Ballina Shire has five operating cemeteries and one closed cemetery that has been converted into a park. The cemeteries are:

- East Ballina Cemetery
- Alstonville Cemetery
- Wardell Cemetery
- Tintenbar Cemetery
- Rous Cemetery
- Pioneer Cemetery (closed)

Pioneer Memorial Park on Hill Street, East Ballina is the location of Ballina's original (European) cemetery known as the Pioneer Cemetery. The Pioneer Cemetery was declared a Rest Park in 1957 with the construction of the commemorative wall coinciding with this declaration. The commemorative wall contains historic headstones from the original Pioneer Cemetery.

All the shire cemeteries have recognised heritage values and are therefore historically important to the Ballina Shire. Each cemetery's heritage values stem from its own particular social and community history. These values are taken into consideration with the ongoing management of cemeteries.

Council acknowledges that the cemeteries are special places that require sensitive and sympathetic management. Council staff will at all times be mindful of this and work towards a sympathetic and consultative management of the cemeteries. There are circumstances where this may not be possible and so the following notice is provided.

Council, in its role as cemetery manager, reserves the right to determine what is appropriate, hazardous and acceptable. Every attempt will be made to liaise with families prior to any action being taken, however Council staff may take action to rectify situations without prior consultation with families if required.

2. HOURS OF OPERATION & FUNERAL BOOKING TIMES

The hours of operation in which burials will be undertaken for the shire cemeteries are 9.00am to 3.00pm (Monday to Friday). Burials which require a booking time after 2.00pm will incur an additional cost to cover overtime hours that staff are required to work to service these burials.

Council will set burial times to prevent conflicting times between ceremonies and to ensure adequate time is provided for graves to be prepared and filled during normal working hours. In most instances 48 hours notice must be given for all burials.

The time allocated for a graveside funeral is one hour. The time allocated for a burial is 30 minutes.

An additional fee will be charged should funerals take longer than the allotted time, and which result in Council staff working outside normal working hours. This fee will be based on the additional cost incurred by Council for the payment of staff.

After hours burials will be considered and will depend on staff availability and conditions. Council will make every attempt to accommodate requests for burial times. Weekend or public holiday burials are generally not provided. However, in exceptional circumstances and if staff are available, a booking may be accepted. There may be times when requests can not be accommodated due to staff availability. Additional fees will apply, to cover additional costs such as the payment of overtime wages for staff.

3. APPOINTMENTS

Appointments are necessary for plaque orders, and the completion and payment of Application Permits and Statutory Declarations.

4. ADDITIONAL SERVICES AVAILABLE

Plaques and ashes will be placed in niches, graves or in memorial gardens and the family/applicant will be notified when placement is completed.

Should a family wish to be present at the following times:

- when ashes are placed in a grave;
- when ashes and plaque are placed in a niche wall;
- when ashes and plaque are placed in a memorial garden; and / or
- when plaques are attached to graves in the Lawn Cemetery,

Council will make every attempt to accommodate this service. However staff availability, weather, burials and other unforeseen circumstances may mean there are times such requests can not be accommodated.

A fee will be charged for this service in accordance with Council's Fees and Charges.

5. PLANNING AND LAYOUT OF CEMETERIES

Council will determine the layout of cemeteries and prepare master plans for each cemetery.

6. CEMETERY REGISTER

A register of burial allotments detailing each section and allotment with its appropriate plot identification shall be kept and maintained up to date by the Council in accordance with the regulations under the *Public Health Act 1991*.

The register may be kept in electronic or hardcopy format. The location of each burial place must be identified on a plan or map that shows the sections, rows and grave numbers or other locations of remains. The register will include a current record of all burial rights.

7. BOOKINGS FOR BURIALS

A burial must not take place in a cemetery unless Council has issued an order for the burial.

Advice of the coffin/casket size must be notified to Council at the time of a burial booking and detailed on the Application for Burial Permit.

8. ALLOCATION OF BURIAL LOTS & NICHES

If the applicant wishes to select an allotment for a burial on-site an appointment time must be arranged with cemetery staff.

9. RESERVATION OF BURIAL LOTS & NICHES

An appointment time is to be arranged with cemetery staff to meet with the family/applicant to choose an allotment. Reservation fees are non-refundable and must be paid within 2 weeks of a booking, otherwise the reservation will lapse. Only one reservation may be made per person.

The location of the reserved plot will be as per Council's requirements. Requests to be located adjacent to family members will be accommodated where possible.

10. RELIGIOUS/DENOMINATIONAL SECTIONS WITHIN CEMETERIES

Existing religious/denominational areas within cemeteries are available for general use and there are no restrictions or special requirements for the use of plots within these areas.

All new burial areas in shire cemeteries will be non-denominational and available for use by all. The cemeteries will not offer specific or restricted areas for religious groups.

The Bunjum Section of the Wardell Cemetery is the only exception to this regulation. The Bunjum section of the Wardell cemetery is managed collaboratively with Aboriginal community members and is dedicated to the burial of people of Aboriginal descent and their families. The management of the Bunjum section of the Wardell cemetery is in response to historic circumstances and Aboriginal cultural protocols.

The installation of headstones and monuments can only be undertaken by persons who hold the appropriate level of public liability insurance and have satisfactory Occupation Health and Safety procedures in place.

Guidelines for the construction and placement of monuments and headstones are as follows:

- Located wholly within the assigned burial plot.

19. HEADSTONES/MONUMENTS - MAINTENANCE AND REPAIR

Headstones and monuments in the general sections of the Shire cemeteries are the responsibility of the holder of the right of burial. Should these items be damaged, vandalised, or fall into disrepair it is the responsibility of the right of burial holder to make repairs.

The placement of headstones or monuments may only be made by monumental masons with an approved Certificate of Currency and approval from Council.

Council does not carry any liability for damage caused by vandals.

22. BURIALS ON PRIVATE PROPERTY

Periodically Council receives enquiries regarding burials on private land.

Council has a role in the approval process for such burials which is summarised in this policy. Detailed requirements are contained in *NSW Health Guidelines Burials on Private Land – Approval by Local Authority* and the *Public Health (Disposal of Bodies) Regulation 2002*.

Clause 22(1)(c) of the Public Health (Disposal of Bodies) Regulation 2002 provides that:

“ a person must not place a body in any grave or vault unless that grave or vault is located on private land where the area of landholding is five hectares or more and the location has been approved for that purpose by the local authority”.

Ballina Shire Council will assess such applications based on the process and requirements of the *NSW Health Guidelines Burials on Private Land – Approval by Local Authority* and the *Public Health (Disposal of Bodies) Regulation 2002*.

Council will endeavour to process applications as expeditiously as possible. It is noted that the extent of information and assessment required would not normally allow an approval to be achieved within days of the death of a person.

23. FUNERAL CEREMONIES ON BEACHES, PARKS AND PUBLIC RESERVES

Applications for funeral ceremonies on beaches, in parks and public reserves will be considered and where such requests can be accommodated, without

inconveniencing or causing distress to the wider community, consent will be provided.

Such applications/requests will be considered on an individual basis and conditions may apply to approvals.

A fee will not be charged for the use of public land for a funeral or memorial ceremony. General maintenance of public areas is carried out in accordance with Council's maintenance schedule and cannot be changed to accommodate special requests such as funeral services.

24. COMMEMORATIVE SEATS IN CEMETERIES

Reference is made to Councils' "Monuments and Memorial on Public Land" Policy in which provision is made for the consideration of applications for the placement of seats with plaques in appropriate locations on public land.

The same consideration will be made for applications for seats to be placed in the public cemeteries in Ballina Shire.

The placement of the seat will be at the expense of the applicant and the seat will be to Council's specifications and the location of the seat will be in accordance with Council requirements. Approval will also be required for the wording to be placed on a plaque.

25. EXHUMATIONS

Exhumations may not take place unless:

- Prior written approval has been obtained from the Area Director of the Department of Health and in accordance with the regulations under the *Public Health Act 1991*;
- Exhumations shall be carried out in accordance with "Guidelines for Approval and Approval Procedures for Exhumations" produced by the Public Health Unit (NSW);
- All necessary applications and approvals are to be provided by the Funeral Home;
- An Order for exhumation has been issued by Council.

This section does not apply if an exhumation order has been issued by a Coroner or a Court.

26. CONTRACTORS WORKING AT CEMETERIES

Any work undertaken in Shire cemeteries must have prior consent and / or lodgement of the required application.

27. EXCLUSIVE RIGHT OF BURIAL

An Exclusive Right of Burial is issued whenever a burial or interment or immurement of ashes occurs or a reservation for a grave, niche or memorial garden right is made.

The Right of Burial entitles the holder to request the erection of monuments, placement of plaques and additional interments at the specified allotment.

The arrangement of the erection of monuments, placement of plaques or additional burials, can only be done by the person who holds the Right of Burial.

The Right of Burial is issued to the person identified as the holder of the Right of Burial on the Burial Application - which is completed when arranging the funeral at the Funeral Home.

a) Who should hold the Exclusive Right of Burial?

Consideration should be given to who will be named the holder of the Right of Burial. The holder of the Right of Burial will be granted the right to place a memorial, headstone or plaque and the wording to be placed on the grave. The holder also has the right to determine how a second burial will be managed and must provide consent for any exhumations.

Typically it is recommended that the executor of an estate be nominated as the holder of the Right of Burial.

When making reservation arrangements joint names may be applied to a Right of Burial, this will ensure that the right passes to the person that the holder wishes to manage their affairs.

b) Transfer of Right of Burial

Council may on application transfer an exclusive right of burial from one or more persons to one or more other persons.

The written application must be made by the holder(s) of the right of burial and be signed by the holder(s) of the right of burial. A fee will be charged for this transfer in accordance with Council's Fees and Charges.

c) Right to refuse to grant or transfer a Right of Burial

Council may refuse to grant or transfer an exclusive right of burial if, in its opinion, the grant or transfer would tend to create a monopoly or encourage dealing in such rights as a business.

d) Exclusive Right of Burial to pass to surviving joint holder

On the death of a joint holder of an exclusive right of burial, the remaining joint holder(s) will be entitled to the exclusive right of burial.

e) Exclusive Rights of Burial may be bequeathed

The holder of a right of burial may bequeath the Right of Burial. The person(s) to whom a right of burial devolves does not become the holder of the right until the register has been amended. An application, with the appropriate documentation, must be received by Council notifying of the change.

If the holder of a right of burial dies and has not bequeathed the right, the right is to be dealt with as if it were personal property forming part of the estate of the intestate.

f) Revocation of Exclusive Rights of Burial

The rights of Council and the holder of a right of burial where Council wishes to revoke a right of burial are covered in *Crown Lands (General Reserves) By-Law 2006* Clause 33.

THE 'RIGHT OF BURIAL' IS A LEGAL DOCUMENT AND SHOULD BE KEPT IN A SAFE PLACE.

28. VAULTS & CRYPTS

The construction of vaults and crypts in Ballina Shire Council cemeteries is not permitted.

29. OTHER ACTIVITIES REQUIRING PRIOR APPROVAL

- Buying or selling of goods.
- Distributing handbills, circulars, advertisements and the like.
- Take part in any meeting other than a religious or commemorative nature related to a burial or placement of ashes.
- The placement of ashes in existing grave (see prohibited actions).
- Filming.
- Carrying out any work within a cemetery.

30. PROHIBITED ACTIONS**The unauthorised placement of ashes in existing graves**

The placement of ashes in existing graves must be approved by Council. Council must maintain a register of all burials and interment of ashes in shire cemeteries, the placement of ashes in such a manner means that the ashes are not recorded in the cemetery register.

The placement of ashes in a grave must only be carried out with the consent of the holder of the Right of Burial and Council.

31. ANZAC MEMORIAL SECTIONS

The Commemorations Section of the Office of Australian War Graves (OAWG) provides bronze plaques and terrazzo crosses for eligible war veterans. The Department of Veteran Affairs advises OAWG of the veteran's entitlement.

a) Plaques

Plaques provided by the OAWG must be placed at the same time that the ashes are being placed. The OAWG do not permit the placement of a plaque without the placement of the ashes.

b) Terrazzo crosses

Terrazzo crosses must only be placed in the Anzac Section of the East Ballina Cemetery. These crosses are provided by the OAWG to eligible war veterans. A

bronze plaque is placed in front of the terrazzo cross for the spouse (if not a war veteran) and when required the plaque cost is then borne by the family.

In instances when the OAWG has not advised the veteran's eligibility to the next-of-kin, interment or immurement in the Anzac Section is still permitted. Costs and associated placement of plaques or terrazzo crosses is the responsibility of the family.

REVIEW

The Cemetery Management Policy is to be reviewed every four years or as required.
