

10.7 Delivery Program and Operational Plan - 2011/2012 to 2014/2015

Ballina Shire Council  
General Manager, Paul Hickey  
Cnr Cherry and Tamar Sts  
Ballina NSW 2478

Dear Mr Hickey,

**Re: Submission to draft Operation Plan regarding the new household organics service – not required at North Creek Road**

I would like to make a submission to Council's Operation Plan. My property at 333 North Creek Rd is an acreage and as such I do not require the new garden/organics service. People in our road look after their own garden and organic waste.

I would like Council to reconsider service provision to this area and restore the 2-bin service, as the garden/organics bin is not needed and will not be used by myself or my neighbours.

Dear Mr Hickey,

**Re: Submission to draft Operation Plan regarding the new household organics service – not required at Koellner Road**

I would like to make a submission to Council's Operation Plan. My property at 17 Koellner Rd is an acreage and as such I do not require the new garden/organics service. People in our road look after their own garden and organic waste.

I would like Council to reconsider service provision to this area and restore the 2-bin service, as the garden/organics bin is not needed and will not be used by myself or my neighbours.
