12 August, 2013

Att: Cr. David Wright
Ballina Shire Council

Dear David Wright,

Re: the discussion concerning the relocation of Lennox Head Community Market

I would like to present this petition regarding the discussion concerning the relocation of the Lennox Head Community Market from its present Lake Ainsworth location to the Lennox Head Community Centre.

I have an interest in the discussion as I am a market stall holder and have been for 13 years. I also took part in the community consultation workshop at the Community Centre on 16th July, 2013.

Personally, I feel that the market is ideal at its present location but I was very curious and interested to hear what other people had to say. Over a period of 3 Lennox Head Community Markets, I took the opportunity to talk to the majority of market stall holders and many visitors. I was so surprised by the general response that I started to collect signatures in support of keeping the market at its present location. The result is 767 signatures in favour and I feel that this demonstrates that there is a huge public support for keeping the market at beautiful Lake Ainsworth.

It is my hope that you can include this on your upcoming August Council Meeting when the topic regarding the relocation of Lennox Head Community Market arises.

With kindest regards,

Ron Kleindiek.

regarding the discussion about relocating Lennox Market

Do you enjoy Lennox Market at its present (Lake Ainsworth) location? There is currently a discussion in Ballina Council to relocate this wonderful market to the Lennox Head Community Centre. This move would mean that Lennox Market would not be able to have as many stalls as it currently does - there would be no space for casual stalls. The current number of permanent stalls might have to be reduced as well. A few other issues to consider are lack of parking and shady hang out spots. The flair of Lennox Market would be affected as the casual stalls bring a changing flavour to the day and we would not have our magic lake location with the trees for shade and play. Council are currently seeking community input so if you feel strongly about this issue either contact them directly yourself and/or sign this petition. If you are interested in further information, you can read up on the minutes of the Ballina Council Meeting on 24/04/13 which can be found on the Ballina Council web site.

We, the undersigned, feel very strongly that Lennox Head Community Market should remain in its current location at Lake Ainsworth:

regarding the discussion about relocating Lennox Market

Do you enjoy Lennox Market at its present (Lake Ainsworth) location? There is currently a discussion in Ballina Council to relocate this wonderful market to the Lennox Head Community Centre. This move would mean that Lennox Market would not be able to have as many stalls as it currently does - there would be no space for casual stalls. The current number of permanent stalls might have to be reduced as well. A few other issues to consider are lack of parking and shady hang out spots. The flair of Lennox Market would be affected as the casual stalls bring a changing flavour to the day and we would not have our magic lake location with the trees for shade and play. Council are currently seeking community input so if you feel strongly about this issue either contact them directly yourself and/or sign this petition. If you are interested in further information, you can read up on the minutes of the Ballina Council Meeting on 24/04/13 which can be found on the Ballina Council web site.

We, the undersigned, feel very strongly that Lennox Head Community Market should remain in its current location at Lake Ainsworth:

regarding the discussion about relocating Lennox Market

Do you enjoy Lennox Market at its present (Lake Ainsworth) location? There is currently a discussion in Ballina Council to relocate this wonderful market to the Lennox Head Community Centre. This move would mean that Lennox Market would not be able to have as many stalls as it currently does – there would be no space for casual stalls. The current number of permanent stalls might have to be reduced as well. A few other issues to consider are lack of parking and shady hang out spots. The flair of Lennox Market would be affected as the casual stalls bring a changing flavour to the day and we would not have our magic lake location with the trees for shade and play. Council are currently seeking community input so if you feel strongly about this issue either contact them directly yourself and/or sign this petition. If you are interested in further information, you can read up on the minutes of the Ballina Council Meeting on 24/04/13 which can be found on the Ballina Council web site.

We, the undersigned, feel very strongly that Lennox Head Community Market should remain in its current location at Lake Ainsworth:
