## Lennox Head Village - One-Way Traffic Trial

Last year Ballina Shire Council undertook community engagement and completed Phase 1 of the Lennox Village Vision. This provided Council with an understanding of the community's priorities for streetscape renewal works in the village centre.

Both two-way and one-way streetscape concept designs were included as part of the previous engagement with the community regarding this proposal. When asked if a one-way traffic arrangement option should be explored 68% of the 500 respondents supported further investigation, 23% were against it and 9% were unsure. In response to this feedback, Council has approved to trial a one-way traffic arrangement for the Lennox Head Village Centre.

The set-up and commencement of the one-way traffic trial is proposed for the week starting **Monday 11 March 2019**. The trial is expected to be in place until July 2019.

The trial will impact Ballina Street, Park Lane and Rayner Lane in the Lennox Head village centre:

- **Ballina Street** becomes one-way traffic southbound between Byron Street and Park Lane.
- **Park Lane** becomes one-way traffic northbound from the southern boundary of Williams Reserve to the T-intersection with Byron Street.
- **Rayner Lane** becomes one-way traffic northbound.

Council will be conducting a community survey part-way through the trial in April 2019. The timing of the survey is to allow the community to test drive the one-way traffic arrangement before providing feedback.
