Waste Services is a commercial enterprise and Council does reserve the right to negotiate with individual persons or organisations where there is a commercial benefit to Council eg specific fees may be negotiated for bulk sales of waste product.					
Sporting Fields					
Fees and charges are normally not imposed for regular use of sporting fields by local bodies and schools in recognition of the level of community input into their provision. However users must leave the fields in a clean and tidy condition – if Council has to have any field cleaned, then the last user must pay the cost thereof.					
Special events and outside bodies seeking use of fields may be charged as assessed by the General Manager in accordance with Council guidelines, having regard to location whether local or outside body, purpose, sponsorship, size of event, and community involvement.

WUEA = Wollongbar Urban Expansion Area

NOTE 1: A credit for development is recognised for an existing approved allotment

NOTE 2: The Contribution rates for non-residential development are determined in accordance with the relevant Contribution Plans.

NOTE 3: Residential developments in rural areas are generally restricted to dual occupancy development

NOTE 4: The Access & Transport Facility contribution rate shown for the WUEA is an approximation as the contribution amount is determined on the area being subdivided. It does not apply to subsequent residential development.

NOTE 5: The Roads Contribution for the WUEA is discounted from the \$10,123 for the initial subdivision to ensure the total Section 94 contributions remain under the NSW State Government \$20,000 "affordability threshold"

CAUTION: Some adjustments may be necessary to account for differences in the catchment areas used by different contributions plans.
