

# let's get it sorted

Working together to waste less & recycle more

By recycling and composting, we help look after the environment and use the materials we already have.

recycling

organics

landfill

# LESS Waste

Avoid waste - reuse and recycle where you can.

Here are some handy hints to try today:

✓ Bring a low waste lunch to school with reusable containers

✓ Make art and craft projects with recycled materials

✓ Donate clean clothes and toys you no longer use to a second-hand shop

✓ Use reusable bags

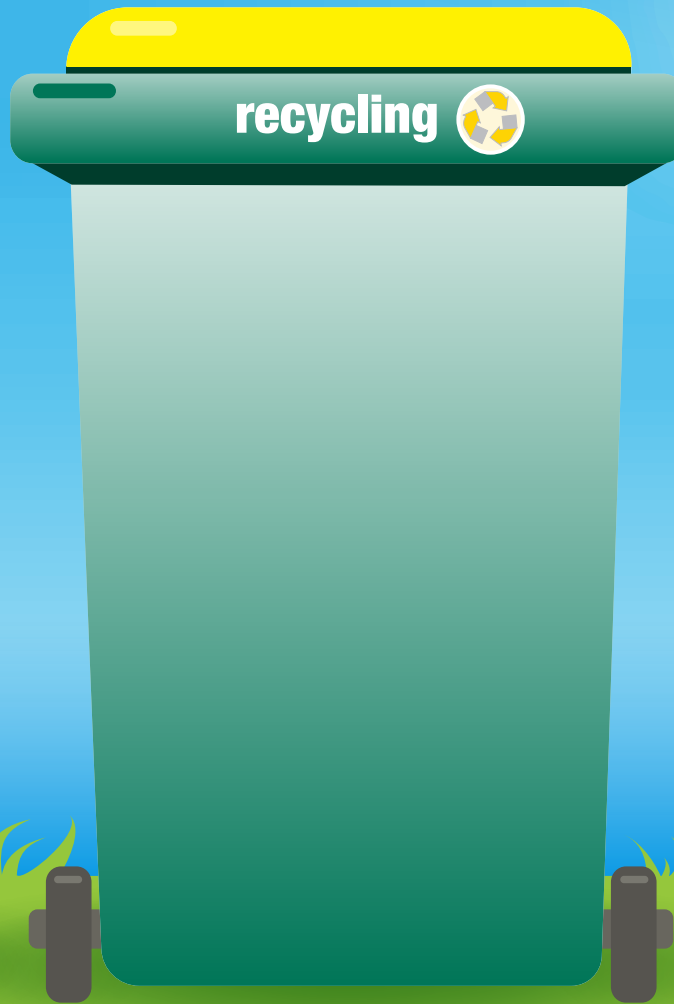

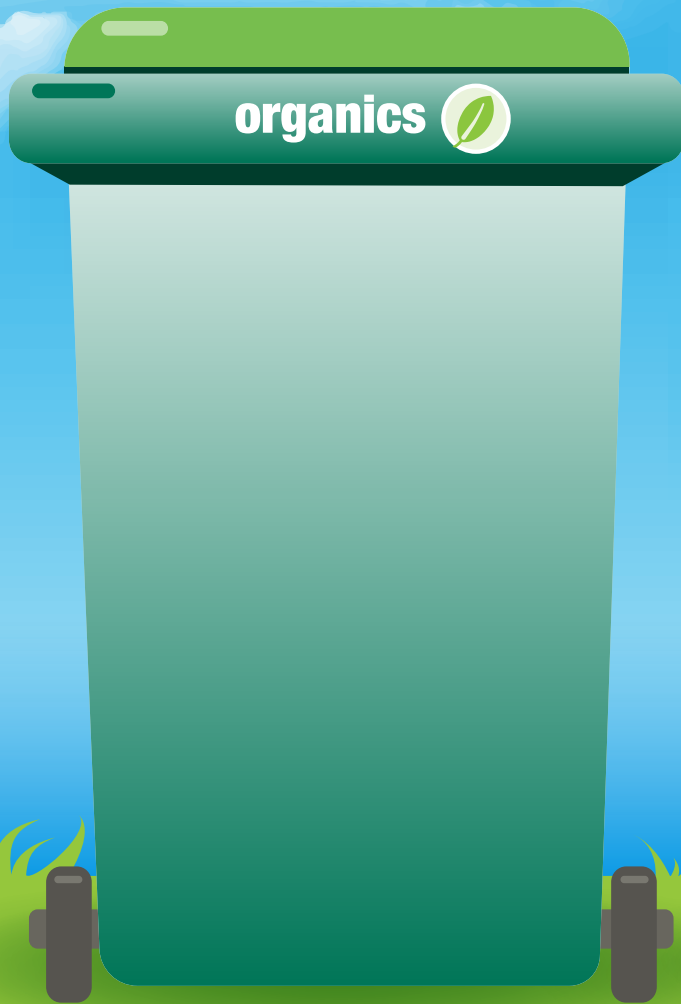

Let's have less going to landfill!

# where does it go?

Cut out each of the items provided and sort the recycling, organics and landfill items by pasting them on the correct bin.

*HINT: There are a couple of items that belong somewhere else! Which ones?*

*items that belong  
somewhere else  
Think beyond the bin!*

*where can it go?*
