## INTRODUCTION

This plan of management (POM) has been prepared by Ballina Shire Council and provides direction as to the use and management of Council-owned community land and Council-managed Crown reserves classified as 'community land' in the Ballina Shire area.

The POM is required in accordance with Section 3.23 of the *Crown Land Management Act 2016* and Section 36 of the *Local Government Act 1993*.

The *Crown Land Management Act 2016* (the CLM Act) authorises local councils (council managers) appointed to manage dedicated or reserved Crown land to manage that land as if it were public land under the *Local Government Act 1993* (LG Act). A POM is required for all council-managed Crown reserves on community land.

This POM updates the Ballina Shire Council Plan of Management for Community Land 2015 and incorporates Crown reserves managed by Council and classified as "community" land under the LG Act, excluding:

- coastal Crown Land within the Ballina Coastal Reserve (R1010068)
- land within Hampton Park (R540004)
- land within Williams Reserve (R82927)

Separate site-specific POMs are applicable to those Crown Reserves.

## PURPOSE

The purpose of this POM is to:

- Provide a framework for the future development, use and management of the community land
- Contribute to the council's broader strategic goals and vision as set out in Council's Community Strategic Plan – *our community our future* - and Local Strategic Planning Statement – *living in paradise, our vision our future*
- Ensure compliance with the *Local Government Act 1993* and the *Crown Land Management Act 2016* (CLM Act)
- Provide for the management of public land for the social, cultural, educational and recreational needs of Ballina Shire
- Categorise community land based on the predominant and expected use of land in accordance with the requirements of the LG Act and CLM Act
- Manage the use of community land to ensure it is consistent with the specified core objectives applicable to each community land category
- Enable, where appropriate, commercial activities on community land where these activities are consistent with applicable management provisions and statutory requirements
- Provide appropriate maintenance and embellishment of community land within Council's budgetary constraints and community expectations.

# DEFINITION

## WHAT IS A PLAN OF MANAGEMENT?

A Plan of Management is a tool that provides direction and continuity for the planning, resource management, maintenance, operation and programming of community land. A POM outlines the land's features and enables management of the land to proceed in an efficient and sustainable manner. It also helps to reconcile competing interests, identifies priorities for the allocation of available resources and facilitates public understanding of these resources.

Periodic revision of a plan of management also enables changing social, economic and ecological conditions to be taken into account as they arise and, where necessary, the plan can be amended to reflect these changes.

### LAND COVERED BY THIS PLAN OF MANAGEMENT

This POM applies to land that is classified as "community land" for the purposes of the LG Act which is owned or managed (in the case of Crown owned land) by Council. The details of all community land to which this plan of management applies, including details of the of the land and whether special provisions apply, is contained in Council's Land Register. Extracts from the register at the time of adoption of this Plan of Management is contained in Appendix 1.

Council's interactive Land Register and mapping can be viewed on Council's website [ballina.nsw.gov.au/land-register](http://ballina.nsw.gov.au/land-register).

The interactive Land Register should be referred to when considering the management and use of land under this plan.

### LAND NOT COVERED BY THIS PLAN OF MANAGEMENT

Land that is not covered by this POM includes:

- land covered by the Ballina Coastal Reserve POM
- land within Hampton Park
- land within Williams Reserve
- privately owned land which is made available for public use.

## REVIEW OF THIS PLAN

Plans of Management are periodically reviewed by Council in order to align with community values and changing community needs, and to reflect changes in council priorities. This plan will be reviewed on an as needs basis.

However, the performance of this POM will be reviewed on an ongoing basis to ensure that all community land is being managed in accordance with the POM, is well maintained and provides a safe environment for public enjoyment.

## FUNDING

Council funds new works on community land from a number of sources, including rate revenue, loans, federal and state government grants, and for some locations, from developer contributions. Some works are funded by tenants, either using their own funds or grant funding.

Council's ongoing commitment to development and to the maintenance of community land will depend upon its financial resources. The implementation of actions identified in this POM will proceed as determined through Council's 10 Year Community Strategic Plan, 4 Year Delivery Program, Annual Operational Plan, Long Term Financial Plan and annual budget.

# LEGISLATION

This section explains the legislative requirements for this Plan of Management under the *Local Government Act 1993*, the *Crown Land Management Act 2016* and local policies.

## LOCAL GOVERNMENT ACT 1993

The *Local Government Act 1993* requires all public land to be classified as either Operational or Community land. Public land can be land which is owned by the Council, and Crown land which is managed by the Council.

The LG Act allows for one or more areas of community land to be covered by a single POM. These POMs are referred to as generic POMs. However, some lands may cover significant areas of community land, and may be managed by a site-specific Plan of Management.

## COMMUNITY LAND

is land which is dedicated for use by the general public. Community land may include a wide variety of properties, ranging from small recreation reserves to large parks, and in some instances buildings. Community land supports important aspects of community life, and is valued and appreciated by residents, workers, and visitors to Ballina Shire.

Community land is defined as a public place under the provisions of the LG Act.

Community land is characterised as being land that:

- is retained for community use
- cannot be sold
- cannot be leased for more than 21 years without Ministerial consent
- cannot be leased unless public notice is given
- can only be used for purposes which are consistent with a plan of management.

Land classified as 'community land' must be further categorised in accordance with the LG Act, as described below. The LG Act specifies the core objectives for the management of each category of community land.

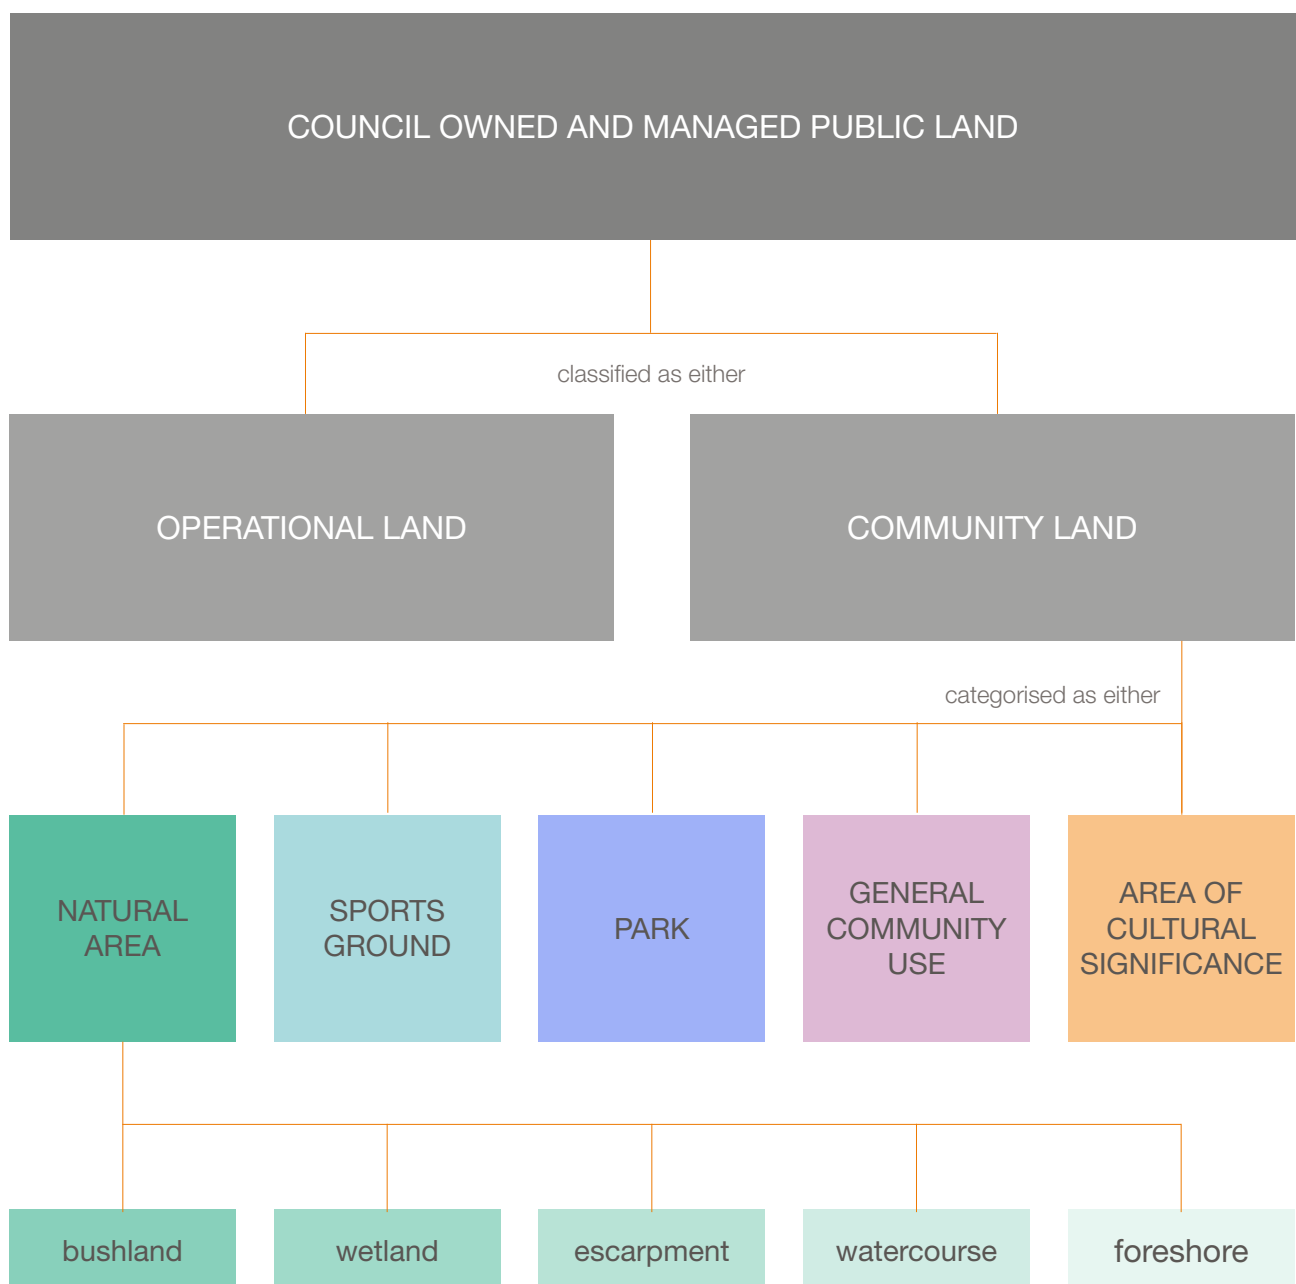

## OPERATIONAL LAND

is classified as such in accordance with the requirements of the LG Act. Land classified as operational land is usually not intended for use by the general public. It may include land held or managed by Council as a temporary asset or as an investment, land which facilitates the carrying out by Council of its functions or land which may not be for the use of the general public, such as a works depot or drainage reserve. Council is able to deal with this land without restrictions under the LG Act.

Council may deal with operational land that it owns in the same manner as any other person may deal with private freehold land. Council cannot, however, sell operational Crown Land that it manages without consent of the Minister responsible for Crown Land, and native title obligations for managing such reserves will still apply.

# LEGISLATION CONT.

## CROWN LAND MANAGEMENT ACT 2016

This Plan of Management has been prepared according to the requirements of the *Crown Land Management Act 2016* (CLM Act) for Council managed Crown reserves which are classified as community land and categorised under the LG Act.

The CLM Act authorises local councils appointed as Crown Land Manager to classify and manage its dedicated or reserved Crown land as if it were public land within the meaning of the Local Government Act 1993.

Dedicated or reserved Crown land may be used only for the following purposes:

- the purpose for which it is dedicated or reserved
- any purpose incidental or ancillary to a purpose for which it is dedicated or reserved
- any purpose specified in a Plan of Management for the land
- any other purposes authorised by an Act.

However, Council may grant short-term licences over dedicated or reserved Crown land for any purpose specified in this POM and in accordance with section 46(1) (b) of the LG Act.

Generally, when managing dedicated or reserved Crown land, and for the purposes of this Plan of Management, Council:

- a) must manage the land as if it were community land under the *Local Government Act 1993*, and
- b) has for that purpose all the function that a local council has under that Act in relation to community land (including in relation to the leasing and licensing of community land).

Council must also manage Crown land in accordance with Part 8 of the CLM Act in relation to native title.

## PRINCIPLES FOR CROWN LAND MANAGEMENT

The CLM Act sets out the requirements for how Crown land is to be managed and the roles and responsibilities of both councils and land users. Council, as a Crown land manager, needs to consider environmental, social, cultural heritage and economic factors when making decisions about how Crown land will be managed, to benefit the community.

The CLM Act sets the following principles for the management of Crown land:

- a) that environmental protection principles be observed in relation to the management and administration of Crown land, and
- b) that the natural resources of Crown land (including water, soil, flora, fauna and scenic quality) be conserved wherever possible, and
- c) that public use and enjoyment of appropriate Crown land be encouraged, and
- d) that, where appropriate, multiple use of Crown land be encouraged, and
- e) that, where appropriate, Crown land should be used and managed in such a way that both the land and its resources are sustained in perpetuity, and
- f) that Crown land be occupied, used, sold, leased, licensed or otherwise dealt with in the best interests of the State consistent with the above principles.

## **OTHER LEGISLATION AND STATUTORY CONTROLS**

This POM does not over-rule existing legislation that also applies to the management of community land. Other state and local legislation and policies, such as relevant State Environmental Planning Policies and Council's Local Environmental Plan and other strategies are to be considered in the management process.

## **LOCAL ENVIRONMENTAL PLAN**

The Ballina Local Environmental Plan 1987 and the Ballina Local Environmental Plan 2012 (BLEP) aim to provide for a sustainable Ballina that recognises and supports community, environmental and economic values. The plans aim to establish and maintain a built environment that contributes to health and wellbeing with a healthy natural environment and diverse and balanced land uses.

The BLEP establishes how land in the Shire may be used. Activities that are considered permissible under the BLEP may be permissible on community land depending upon the categorisation of the land.

Activities proposed to be undertaken on community land also need to be consistent with the requirements of this POM and other relevant plans as well. The BLEP is amended on a regular basis, and any amendment to the BLEP shall take precedence over the provisions of this POM.

## **COUNCIL PLANS, STRATEGIES, POLICIES AND PROCEDURES**

This POM is to be used in conjunction with the appropriate Council plans, policies and procedures that govern the use and management of community land and any facilities located on such land.

Documents that may need to be considered in the planning and management process can be found on Council's website. Additional Council plans, strategies and policies adopted after the date of this plan with relevance to the planning, use and management of community land, will apply as though they were in force at the date of adoption of this POM.

# APPROVALS, LEASES, LICENCES AND NATIVE TITLE

In most cases, approval must be obtained by Council as the land manager to use Community Land. To use the land on a more frequent basis, it may be necessary to obtain a lease or licence. This is to ensure that the proposed activity can meet the core objectives of the management of the land, is in accordance with relevant Ballina Shire Council policies including the *Community Property Leasing and Licencing policy*. Section 68 of the LG Act specifies certain activities on community land that require Council approval.

## **NATIVE TITLE MANAGER REVIEW AND ADVICE**

It is a requirement of section 8.7 of the CLM Act that advice from Council's Native Title Manager is provided at the time of the preparation of the Draft Plan of Management and finalisation of the Plan of Management. This advice addresses the effect the adopted Plan of Management would have on native title over the land included in this Plan of Management.

It is important to note that although this plan of management expressly authorises certain leases, licences, other estates and development, this express authorisation is for the purposes of the LG Act and the CLM Act. Council's Native Title Managers advice will still be required for the grant of any leases, licences or other estates on crown land managed by Council.

Future development of crown land managed by Council will need to be considered at the time of the proposed development in accordance with the *Native Title Act 1993 (Cth)*.

## **WHAT ARE LEASES, LICENCES AND OTHER ESTATES?**

Section 46 of the LG Act sets out when a lease, licence or other estate in Community Land may be granted.

Leases and licences permit groups to undertake certain activities on public land, and provides a clear and transparent way of identifying the permitted activity. The main difference between a lease and a licence is that a lease permits the exclusive use of the area, and a licence is a more flexible arrangement. Licences may be granted to formally recognise and endorse shared uses.

Short term licences and bookings may be used to allow the Shire to program different uses at different times, allowing the best overall use.

An estate may include a formal or official recognition of interest, right, title or claim for the use and/or occupancy of an area of land.

## 2. LAND DESCRIPTION

### LAND COVERED BY THIS PLAN OF MANAGEMENT

This POM applies to all Council owned and managed land that is classified as “community land” for the purposes of the LG Act, except as noted below.

The details of all community land to which this plan of management applies, including details of the categorisation of the land and whether special provisions apply, is contained in Council’s Land Register.

Table 2.1 (below), summarises the Crown Reserves, managed by Council, that are subject to this Generic POM.

Appendix 1 contains further details and relevant maps of Council-owned land.

Appendix 2 contains details and maps for all Council-managed Crown reserves contained in the Land Register at the time of adoption of this POM.

1. Reserve includes a public road encroachment

2. Parts of R82783 & R84107 are managed by NSW Crown Holiday Parks Land Manager. This POM deals only with the parts of these reserves which are managed by Ballina Shire Council.

# LAND DESCRIPTION CONT.

Land dedicated to Council and classified as community after the adoption of this POM will be added to the Land Register and will be subject to this POM (unless a site-specific POM is developed for that land).

Council's interactive Land Register and mapping can be viewed on Council's website. The interactive Land Register should be referred to when considering the management and use of land under this plan.

Where a road is located within a Council-managed Crown reserve (see Table 2.1 above), Council will consider its acquisition, subject to the road's purpose, condition and use and Council's strategic planning for the particular locality.

## LAND NOT COVERED BY THIS PLAN OF MANAGEMENT

Land that is not covered by this POM includes:

- community land covered by a site-specific POM – at the time of adoption of this POM, site specific POMs are in place for Hampton Park (R540004) and Williams Reserve (R82927)
- land covered by the Ballina Coastal Reserve POM (R1010068)
- privately owned land which is made available for public use
- operational land.

## 3. BASIS FOR MANAGEMENT

Ballina Shire Council intends to manage its community land to meet:

- assigned categorisation of community land
- the LG Act guidelines and core objectives for community land set out in Table 3.1
- restrictions on management of Crown land community land
- the council's strategic objectives and priorities
- development and use of the land outlined in Section 6 of the LG Act.

Crown Reserves are also managed in accordance with the specific reserve purpose.

### HOW CAN COMMUNITY LAND BE USED?

Future use of the community land will need to:

#### 1. Be consistent with reserve purpose

In managing Crown Reserves, Council will ensure that the future use and development of each reserve is consistent with the purpose for which the Crown Land was reserved or dedicated.

#### 2. Meet legislative requirements

The zoning tables in the Ballina Local Environmental Plan 2012 and the Ballina Local Environmental Plan 1987 specify the range of uses and activities that may be permitted on the land. A number of the uses are also set out in the Regulations to the *Local Government Act 1993*.

#### 3. Be consistent with the guidelines and core objectives of the community land category

Under the *Local Government Act 1993* uses and development of community land must be consistent with the guidelines for categorisation and the core objectives of each category, and any other additional objectives the Council proposes to place on the community land categories. Guidelines and core objectives for each category are set out in Table 3.1.

#### 4. Be consistent with relevant Council policies

Relevant Council policies can be found on Council's website. The outcomes of this POM have been guided by the goals and strategies in the relevant policies.

Council's policies will continue to develop after the preparation of this POM. Management of the Shire's assets and their development will take into account the policy framework at the relevant time.

# BASIS FOR MANAGEMENT CONT.

## USES AND AGREEMENTS

Council may from time to time enter into or create a range of leases, licences, other estates, management agreements, and/or booking arrangements, in order to encourage the use of the land and/or buildings appropriately and effectively. These arrangements are intended to support and encourage a range of uses, which enhance the level of activation and enjoyment of the space.

Kiosks, restaurants, refreshment facilities or mobile vending may support the general community enjoyment of the areas.

Each proposal will be reviewed to ensure it is compatible with the reserve purpose (in the case of Crown Reserves), the categorisation of the land, the core objectives of that category, and is permitted under relevant policies.

## CATEGORISATION OF THE LAND

As shown above, all community land is required to be categorised as one or more of the following categories. Where the land is owned by the Crown, the category assigned aligns with the purpose for which the land is dedicated or reserved.

The LG Act defines five categories of community land:

- **Park** for areas primarily used for passive recreation.
- **Sportsground** for areas where the primary use is for active recreation involving organised sports or the playing of outdoor games.
- **General community use** for all areas where the primary purpose relates to public recreation and the physical, cultural, social, and intellectual welfare or development of members of the public. This includes venues such as community halls, scout and guide halls, and libraries.
- **Cultural significance** for areas with Aboriginal, aesthetic, archaeological, historical, technical, research or social significance.

- **Natural area** for all areas that play an important role in the area's ecology. This category is further subdivided into bushland, escarpment, foreshore, watercourse and wetland categories.

The categorisation of the land is identified in the tables and maps in Appendix 1 and 2.

At the time of adoption of this POM, there are no sites categorised as areas of cultural significance.

An individual land parcel may comprise two or more categories (e.g. Natural Area and Sportsground). Refer to Appendix 1 and 2 for land register information, and the accompanying maps show locations where land parcels have multiple categories assigned. For such parcels, each area is to be managed under the relevant provisions of the category assigned to that area.

The categories reflect land use and/or the physical characteristics of the land. Categorisation allows the Shire to focus its attention on the dominant character of the land, and the operational management of the asset.

## GUIDELINES AND CORE OBJECTIVES FOR MANAGEMENT OF COMMUNITY LAND

The guidelines for categorisation of community land are set out in the *Local Government (General) Regulation 2021*. The core objectives for each category are set out in the *Local Government Act 1993*. The guidelines and core objectives for Natural Areas as well as General Community Use areas are set out in Table 3.1.

Council must manage Community land according to these core objectives. Any activities on or uses of the land should be consistent with the core objectives for that category and sub-category of land. The way Council will assess its performance managing community land in accordance with the core objectives of each categorisation is set out in the Performance and Assessment Table 5.1 in Chapter 5. All community land, regardless of categorisation must be managed in accordance with Table 4.4.

# BASIS FOR MANAGEMENT CONT.

## RESTRICTIONS ON MANAGEMENT OF CROWN LAND

Council is the Crown land manager of the Crown reserves described in this plan of management in accordance with the legislation and conditions imposed by the Minister administering the *Crown Land Management Act 2016*. The use of the land described in this plan of management must:

- be consistent with the purpose for which the land was dedicated or reserved
- consider native title rights and interests and be consistent with the provisions of the Commonwealth Native Title Act 1993
- consider the interests of Aboriginal people where an undetermined Aboriginal Land Claim exists
- consider and not be in conflict with any interests and rights granted under the *Crown Land Management Act 2016*
- consider any interests held on title.

## COUNCIL'S STRATEGIC OBJECTIVES AND PRIORITIES

Ballina Shire Council, in consultation with the community, has developed a range of strategies and plans to identify the priorities and aspirations of the community and the delivery of a vision for the future.

They have a direct influence on the objectives, uses and management approach covered by POMs.

Of particular relevance are Council's:

- Community Strategic Plan – our community our future available at [ballina.nsw.gov.au/planning-and-delivery](http://ballina.nsw.gov.au/planning-and-delivery)
- Local Strategic Planning Statement – Living in paradise. Our vision. Our future available under planning documents at [ballina.nsw.gov.au/council-documents](http://ballina.nsw.gov.au/council-documents)

This POM is to be used in conjunction with the appropriate Council plans, policies and procedures that govern the use and management of community land and any facilities located on such land.

## 4. DEVELOPMENT AND USE

### FUTURE DEVELOPMENT

Future development will need to meet the requirements listed above, as well as be expressly authorised as a permitted use under this plan (via express authorisation, special provisions or Chapter 6).

Substantial upgrades and proposed new development will take into account a range of factors, including:

- this POM and the core objectives for the land
- the planning controls for the land
- the Shire's adopted policies
- the characteristics of the land affected, including existing and future use patterns
- any masterplan for the land.

Minor changes to Community land are made on a routine basis, such as garden beds being replanted and the replacement of damaged play equipment.

### GENERAL PROVISIONS

There are two main ways in which community land can be used. In natural areas, the priority of Council is to generally protect and maintain these areas. In more general use areas, which includes the Sportsground, Park and General Community Use area categorisations, there is more opportunity for Council to grant leases or licences to the community.

## NATURAL AREAS

Our community depends on the local environment and the biodiversity it holds not only for a beautiful place to live, but also for a vast variety of services including agriculture, fisheries and recreational activities. Historical land uses and ongoing threats from land clearing, development, climate change and a number of other impacting processes, have left the Ballina Shire region with only 20% of its extant vegetation and put strain on a number of critical ecosystem services (North Coast Region Working Group, 2016). Ballina is home to an array of unique and threatened flora and fauna, stretches of incredible coastline and some of the last remaining patches of Big Scrub Rainforest in NSW. It is crucial that these invaluable environmental assets are protected in a bid to preserve ecosystem functions and build resilience against anthropogenic climate change.

Our region supports over 40% of the NSW threatened species and around 20% of the Endangered Ecological Communities (EECs) in NSW, making it an incredibly valuable part of Australia for biological conservation (North Coast Region Working Group, 2016). Ballina is home to 86 endangered and critically endangered species of flora and fauna, which may occur on community land, including a nationally significant koala population.

Additionally, historical land uses and ongoing threatening process mean over 80% of Ballina's pre-settlement vegetation is gone, and only small, fragmented patches remain (North Coast Region Working Group 2016). It is important that our use of community land in Ballina Shire preserves and maintains our natural areas, so they can be enjoyed by our community now and into the future.

## Key issues

The diverse array of environments in Ballina Shire contain at least ten state Endangered Ecological Communities (EECs) making ecological conservation important for our local government area.

It is a shared obligation of Ballina to manage and limit adverse impacts to these communities and aim to preserve and enhance environmental values that support ecosystems in the Ballina Local Government Area. Many of the ecological communities throughout Ballina are under threat due to:

- Land conversion and clearing
- Historically poor land practices in agriculture
- Pollution
- Fire threats
- Invasive flora and fauna species
- Alteration to natural flow regimes in waterways
- Anthropogenic climate change

These threats directly relate to the decline and subsequent listing of entire ecosystems in state and federal threatened species legislation. These Endangered Ecological Communities - spread across almost every landscape and broad vegetation type in Ballina - serve as a reminder that plant communities currently not listed for protection may be at risk of these persistent threats.

# DEVELOPMENT AND USE CONT.

## Objectives for the use of Natural Areas

Land which is categorised as a Natural Area is further categorised. The guidelines and core objectives for the Bushland, Wetland, Escarpment, Watercourse and Foreshore areas are set out in Table 1.

Community land which is categorised as Natural Area must achieve the core objectives of natural Areas, as well as the relevant subcategory.

## Future use and development on land categorised as a Natural Area

On land which is categorised as a Natural Area, the main priority of Council is to preserve and protect the natural features. Therefore, there a limited number of reasons a lease or licence may be granted for community groups to use this land on an ongoing basis.

There is more scope for events, filming and commercial activities to take place on land which is categorised as General Community Use, Sportsground or Park.

The general types of uses which may occur on community land categorised as Natural Area are set out in Table 4.1.

## LAND CATEGORISED AS GENERAL COMMUNITY USE, SPORTSGROUND AND PARK

Land categorised as Sportsground, Park and General Community Use is set aside for the community to use and enjoy, while achieving the management objectives of the land and the purpose for which the land was reserved or dedicated.

The guidelines and core objectives for the Park, Sportsground and General Community Use categories are set out in Table 3.1.

Sites categorised as **General Community Use** perform many functions relating to the enhancement of the health and wellbeing of the community. Outside of the provision of power easements, drainage reserves and access ways, the land may house buildings and structures such as neighbourhood centres or community halls that cater for formal and informal leisure and recreational activities,

hobbies, artistic endeavours, educational, cultural and social functions. Consequently, these areas play a pivotal role in promoting and developing dynamic communities with a strong sense of belonging.

Open space areas associated with land categorised as General Community Use also offers the community a range of recreation opportunities. This provides individuals and communities with health-related benefits achieved through physical activity such as physical, mental, social, cultural, economic and environmental benefits that lead to the overall health and wellbeing of the community.

The general types of uses which may occur on community land categorised as General Community Use, Sportsground and Park are set out in Table 4.2.

# DEVELOPMENT AND USE CONT.

## BOOKINGS AND EVENTS ON COMMUNITY LAND

In supporting liveability, parks, sportsgrounds and buildings intended for community use have significant potential as venues for short term public and private special events of different sizes and scale.

Council is responsible for bookings for the use of community land and reserves in our Local Government Area. Generally, Council seeks to encourage a broad and appropriate range of uses within its area. A range of policies address specific types of use in greater detail. Applicants should check Council's website for up to date information contained in these policies at [ballina.nsw.gov.au/policies](http://ballina.nsw.gov.au/policies)

Ballina Shire Council has an *Events on Public Land Policy* which must be adhered to. Council also has Event Guidelines, which are designed to assist event organisers with the regulations and procedures associated with staging events in parks, open spaces or public roads under the ownership and/or control of Ballina Shire Council. The guidelines as well as the Events on Public Land Policy can be found on Council's website at [ballina.nsw.gov.au/event-approvals](http://ballina.nsw.gov.au/event-approvals)

## PLANTING IN PARKS

Ballina Shire Council, the community and the environment are very fortunate to have the ongoing voluntary support from numerous environmental care groups within the Shire.

These groups help to conserve and protect our natural environment at various locations on Council and Crown land throughout the Shire. This is through restoring and rehabilitating the native vegetation communities in the area by undertaking activities that include weed control, native species plantings, fencing and education. Land care activities are authorised by this POM but need to be approved by Council. To find out more about registering a care group or locating a registered group, contact Council.

See also Council's [Urban Vegetation on Public Land](#)

[Policy](#).

## ALLOCATION AND MANAGEMENT OF PLAYING FIELDS AND COURTS

Council's *Sport and Recreation Facility Plan* identifies the changing participation trends and facilities in the Shire. The strategy assists Council to assign priorities for further works.

For seasonal competitions, sports fields must be booked to avoid clashing with other sporting groups. Sporting groups can make bookings by completing a booking request on Council's website at [ballina.nsw.gov.au/sportsfields](http://ballina.nsw.gov.au/sportsfields)

Council's [Community Property Leasing and Licensing Policy](#) sets out the general terms and conditions of leases and licenses over many parcels of Council owned and managed land to Not for Profit Community Groups.

Council also grants licenses under the [Commercial Activities on Public Land Policy](#) and the holders of those licenses use various sportsfields across the Shire, for example, for group fitness training.

## FEES AND CHARGES

Fees and charges are determined by Council each financial year and contribute towards covering council's costs in providing services and facilities. In setting and approving the fees and charges, Council takes into consideration the following factors:

- the cost of council providing the service
- the price suggested by relevant industry bodies or schedule of charges published by the Office of Local Government
- the importance of the service to the community
- any factors specified in the regulations.

Council will review fees annually and they will be advertised in [Ballina Shire Council Fees & Charges](#).

The use of fields for special events may be charged in accordance with Council guidelines having regard to the scale of events.

## AUTHORISATION OF LEASES, LICENCES OR OTHER ESTATES OVER COMMUNITY LAND

Under section 46(1)(b) of the LG Act, leases, licences and other estates formalise the use of community land.

A lease, licence or other estate may be granted to organisations and persons, community groups, sports clubs and associations, non-government organisations, charities, community welfare services, non-profit organisations and government authorities.

The lease or licence must be for uses consistent with the reserve purpose(s), the assigned categorisation and zoning of the land, be in the best interests of the community as a whole.

Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this POM and the capacity of the community land itself and the local area to support the activity.

A lease is normally issued where exclusive control of all or part of an area by a user is proposed. In all other instances a licence or short-term licence or hire agreement will be issued.

For Crown reserves managed by Council, a temporary licence may be granted by Council for purposes in accordance with this POM and the LG Act. For all other community land, for a lease or licence to be granted, express authorisation needs to be given in this POM.

Parcels of land with special provisions can be found in Chapter 6. It is important to note that some activities, even with agreement from Council, will require the production of other plans such as a Traffic Management Strategy. Some uses may also require development approval.

The proposed grant of a lease or licence over Crown land will be subject to Council's Native Title manager issuing written advice that the proposed lease or licence complies with the applicable provisions of the *Native Title Act 1993*. If the proposed lease or licence does not comply with the applicable provisions of the *Native Title Act 1993*, Council may not be able to grant the lease or licence.

Table 4.4 provides details of leases/ licences applicable to Council-managed Crown Reserves at the date of drafting of this POM.

# GENERAL PROVISIONS CONT.

## EXPRESS AUTHORISATIONS OF LEASES, LICENCES AND DEVELOPMENT

The following table details the licences, leases, other estates and developments that this Plan of Management expressly authorises on land subject to this plan.

This POM expressly authorises the issue of leases, licences and other estates over the land covered by the plan of management, in accordance with section 46(1)(b) of the LG Act, provided that:

- the purpose is consistent with the purpose for which it was dedicated or reserved
- the purpose is consistent with the core objectives for the category of the land
- the lease, licence or other estate is for a permitted purpose listed in the *Local Government Act 1993* or the *Local Government (General) Regulation 2021*
- the issue of the lease, licence or other estate and the provisions of the lease, licence or other estate can be validated by the provisions of the *Native Title Act 1993* (Cth)
- where the land is subject to a claim under the *Aboriginal Land Rights Act 1983* the issue of any lease, licence or other estate will not prevent the

land from being transferred in the event the claim is granted

- the lease, licence or other estate is granted and notified in accordance with the provisions of the *Local Government Act 1993* or the *Local Government (General) Regulation 2021*
- the issue of the lease, licence or other estate will not materially harm the use of the land for any of the purposes for which it was dedicated or reserved.

Table 4.3 further identifies the purposes for which leases and licences may be issued over the reserves identified in this plan of management.

Clause 46(3) of the LG Act provides a maximum term for a lease or licence for community land of 30 years. Council's ***Community Property Leasing and Licensing Policy*** generally sets the maximum duration of leases, licences and other estates at 4 years.

## EXISTING LEASES / LICENCE ON COUNCIL-MANAGED CROWN RESERVES

Table 4.4 provides details of leases and licences in place for Council-managed Crown Reserves at the date upon which this POM is adopted. Leases and licences are subject to change over time, and new leases may be issued after adoption of this plan.

Table 4.4 will be updated at each review of this POM.

## SHORT-TERM LICENCES

Short-term licences and bookings may be used to allow the council to program different uses of community land at different times, allowing the best overall use.

Short-term licences are authorised for the purpose of:

- a) the playing of a musical instrument, or singing, for fee or reward
- b) engaging in a trade or business
- c) the playing of a lawful game or sport
- d) the delivery of a public address
- e) commercial photographic sessions
- f) picnics and private celebrations such as weddings and family gatherings
- g) filming sessions
- h) the agistment of stock.

Fees for short-term casual bookings will be charged in accordance with the council's adopted fees and charges at the time.

## NATIVE TITLE AND ABORIGINAL LAND RIGHTS CONSIDERATIONS IN RELATION TO LEASES, LICENCES AND OTHER ESTATES

When planning to grant a lease or licence on Crown reserves, the council must comply with the requirements of the Commonwealth *Native Title Act 1993* (NT Act) and have regard for any existing claims made on the land under the *NSW Aboriginal Land Rights Act 1983* (ALR Act).

It is the role of the council's engaged or employed native title manager to provide written advice in certain circumstances to advise if the proposed activities and dealings are valid under the NT Act.

## 5. PERFORMANCE AND ASSESSMENT

Table 5.1 outlines Council's performance targets and the means by which Council proposes to achieve these targets in accordance with the objectives specified in this plan of management. The table also contains the assessment criteria upon which Council will assess its performance with respect to the objectives and performance targets specified. This table relates to all Community Land covered by this POM.

**table 5.1**  
**PERFORMANCE AND ASSESSMENT**

PERFORMANCE TARGET	MEANS OF ACHIEVEMENT	MANNER OF ASSESSMENT
<b>FACILITIES</b>		
Provide community facilities on community land that support the main purposes for which the land has been reserved.	Community facilities are provided, maintained and improved on community land in accordance with Council's adopted strategies and programs. Sportsgrounds are provided with appropriate facilities and maintenance and are made available for the use of sporting clubs	Additional community facilities are provided and existing community facilities improved. Sportsgrounds are utilised and function as active and structured open space areas.
<b>COMMERCIAL OPPORTUNITIES</b>		
Realise appropriate commercial opportunities on community land that are permissible under the LG Act and that do not affect the main purposes for which the land has been reserved.	Options and proposals for appropriate commercial activities will be assessed and authorised on community land in accordance with Council policy and applicable legislative requirements.	Community land is appropriately used for commercial activities.
<b>MAINTENANCE</b>		
Maintain community land in accordance with community expectations and ensure community land is safe for the general public.	Regular maintenance is undertaken on community land as appropriate. Leases and licences granted over community land are to set out the repair and maintenance responsibilities.	Community land is consistently maintained in a good condition.
<b>PUBLIC SAFETY</b>		
Exclude public access from areas of community land containing public infrastructure to provide security and public safety.	Infrastructure located on community land is placed and secured appropriately to minimise public risk.	Infrastructure is secured by fencing and other appropriate means.
<b>LANDSCAPING</b>		
Provide landscaping and embellishment of community land to enhance visual amenity.	Community land is landscaped and embellished in accordance with Council's adopted programs and strategies.	Existing landscaping is maintained and improved. Additional landscaping and embellishment are provided.

PERFORMANCE TARGET	MEANS OF ACHIEVEMENT	MANNER OF ASSESSMENT
<b>PUBLIC INFRASTRUCTURE</b>		
Minimise the effects and detrimental impacts of installation and expansion of public infrastructure on community land.	Infrastructure proposals are assessed for their impacts on community land. Where appropriate, infrastructure is not placed on community land.	Infrastructure installations on community land are of minimal impact and do not unreasonably limit the use of the land for community purposes. Land containing infrastructure is reclassified as operational land.
<b>NATIVE VEGETATION</b>		
Protect environmentally significant stands of native vegetation.	Significant stands of vegetation on community land are protected by public exclusion, restoration, rehabilitation, fencing and signage as appropriate.	Ecological values of significant stands of vegetation are maintained and improved.
<b>THREATENED SPECIES</b>		
Protect threatened species, populations and ecological communities and their habitats.	Appropriate conservation and protection are provided to threatened species and ecological communities.	Numbers of threatened species, populations and the integrity of ecological communities and their habitats are maintained or improved.
<b>ARCHAEOLOGY</b>		
Protect significant archaeological relics	Significant archaeological relics are identified, managed, preserved and excluded from public access as appropriate.	Damage to archaeological relics is prevented.
<b>HERITAGE</b>		
Protect and preserve buildings and structures on community land that have historic significance.	Buildings and structures having historic significance are identified, managed, preserved and excluded from public access as appropriate.	Buildings and structures are maintained as functional assets and/or preserved and decay/damage is prevented or minimised.

## 6. SPECIAL PROVISIONS

This section contains provisions that apply specifically to certain areas of community land in accordance with section 36(3A) of the LG Act. These special provisions are supplementary to the general provisions contained above.

The special provisions (Table 6.1) recognise unique features of specified community land and may authorise specific land uses and/or authorise the granting of a lease, licence or other estate over the land or buildings contained thereon.

The special provisions are listed based on the land identification number in Council's Land Register. The details of all community land to which this plan of management applies, including details of the categorisation of the land and whether special provisions apply, is contained in Council's Land register. Appendices 1 and 2 contain the details of the community

land parcels managed by Council at the time of adoption of this Plan of Management.

Any exclusive occupation or exclusive use of community land or buildings located on community land as provided by these special provisions will be by way of a formal lease, licence or other agreement entered into between the occupying party and Ballina Shire Council, as required under sections 46, 46A, 47 & 47A of the LG Act. Any lease, licence or other agreement entered into as facilitated by this plan of management will be undertaken in accordance with the provisions of Council's policy on leasing/licencing/agreements as applicable at the time of execution.

'Condition' in relation to land/buildings/improvements is described as either poor, fair, good or excellent. The attributes for each of these categories is explained below.

table 6 ATTRIBUTES RELATING TO CONDITION OF LAND / BUILDINGS / IMPROVEMENTS

POOR	Generally unmaintained, not fit for use, requires substantial repair or upgrade, consideration to be given for removal or replacement of structure.
FAIR	Generally poorly maintained, able to be used for existing purpose with moderate level of repair, not suitable for additional purposes, requires repair or maintenance works, or replacement.
GOOD	Generally well maintained, able to be used for existing or similar intended purpose, requires routine maintenance or minor repairs.
EXCELLENT	Very well maintained, able to be used for existing and intended or additional purposes, requires minor periodic maintenance and monitoring.
