River Street Stage 2 – Pedestrian Crossing

4 April 2023

To the Resident/Property Owner

Re: River Street Stage 2 – Signalised Pedestrian Crossing

On **Monday 17 April 2023** Ballina Shire Council will commence works to install a signalised pedestrian crossing near Westtower Tavern between Riverview Avenue and Quays Drive, West Ballina, to provide a safer crossing for cyclists and pedestrians.

The works will include:

- Pedestrian crossing lights between Riverview Avenue and Quays Drive
- Line marking and signage
- Upgrade to the existing bus stop
- Additional shared path infrastructure.

During these works the following traffic conditions will be in place:

- One lane of River Street, in each direction, will be closed at times
- Access to River Street properties will be maintained with traffic control (during construction hours).
- Speed limit reduced to 40kmph through construction zones

Footpath works: Pedestrian access will be maintained. However, at times there may be temporary pedestrian detours around construction zones.

Noise: There will be noise present during construction. Construction works will occur during the day to limit any noise disturbance to residents and visitors staying with accommodation providers.

Parking: Street parking will be unavailable during construction. Motorists will need to use parking on either side of the construction zone.

Bus stop: The bus stop will be temporarily relocated to the nearest available 'clear zone' towards Riverview Avenue.

Works are expected to continue to June 2023. If you have any enquiries please telephone Council's Project Manager, Robert Conn, on 6681 0538. To register for emailed project updates, visit ballina.nsw.gov.au/river-street-duplication

Yours faithfully

Brett Dyki
