ADOPTED 25 JUNE 2020

Our community Our future

Our design rationale for this document is based on a conceptual interpretation of its contents. To symbolise the strategic community approach, we have used segmented shapes to represent the elements of the community that fit into the geographic focus – Ballina. Together, the shapes form the Ballina River map. Every element impacts on the challenges, direction and ultimately the future of its entire form – our community. We hope you enjoy the journey and the view.

Community Facilities

Community Facilities Hire - Definitions

Commercial Hire

Commercial hire is where the venue is being hired by a commercial entity, for the business objectives of that entity, or by a person or persons with the intention of making a profit.

Regular Community Based Activities (RCBA) – Approximately 25% reduction in commercial hire fee subject to rounding

The RCBA hire rate is intended for regular sessions delivered by instructors e.g. language classes, sports, martial arts, gymnastics, dance, yoga, drama etc. who charge members a minimal fee and only make a small surplus from each session. Includes health professions who regularly book space at our facilities under a bulk billed service arrangement.

To receive the RCBA hire rate, the hirer is required to book in advance, a minimum of two sessions per month, and provide evidence of their suitability to meet this definition.

The RCBA will also cover one-off events such as weddings, birthdays or similar social gatherings, where there is no charge for attending and no financial gain.

Community Hire - Approximately 50% reduction in commercial hire fee subject to rounding

A community organisation is defined as an organisation engaged in charitable or other community-based activity operating under Australian law and not established for the purpose of making a profit.

All payments are to be made at the time of the booking and are subject to availability.

100%, 75% and 25% pricing structure does not relate to Northern Rivers Art Gallery and Ignite Studios. *Half Day Hire is for up to six hours / Full Day Hire is for up to 12 Hours*

Non-Residential

(Sections 501 & 502 LG Act 1993).

Per property, per water service size, per annum.

Non-Residential wastewater access and usage charges are based on the following formula: SDF x (AC + C x UC).

SDF: Sewerage Discharge Factor. Amount of water consumed that is estimated to return to the

wastewater system.

SDF: varies dependent on activity conducted on property.

AC: Annual Non-Residential Wastewater Access Charge based on size of water meter.

C: Water Consumption measures in kilolitres.

UC: Sewerage Usage Charge per kilolitre.

Customers may request Council to review the SDF allocated to their property. Where a property has a water meter installed that is larger than required for normal use due to the provision of a fire service, the access charge is to be based on the size of the meter required for normal usage.

Sporting Fields

Fees and charges are normally not imposed for regular use of sporting fields by local bodies and schools in recognition of the level of community input into their provision. However users must leave the fields in a clean and tidy condition - if Council has to have any field cleaned, then the last user must pay the cost thereof.

Special events and outside bodies seeking use of fields may be charged as assessed by the General Manager in accordance with Council guidelines, having regard to location whether local or outside body, purpose, sponsorship, size of event and community involvement.

WUEA = Wollongbar Urban Expansion Area

NOTE 1: A credit for development is recognised for an existing approved allotment.

NOTE 2: The contribution rates for non-residential development are determined in accordance with the relevant Contributions Plans.

NOTE 3: Residential developments in rural areas are generally restricted to dual occupancy development

NOTE 4: The Access & Transport Facility contribution rate shown for the WUEA is an approximation as the contribution amount is determined on the area being subdivided. It does not apply to subsequent residential building developments.

NOTE 5: Each Contribution is to be proportionally discounted to ensure the total Section 7.11 contributions remain under the NSW State Government Section 7.11 \$20,000 cap.

NOTE 6: The NSW State Government "affordability threshold cap has been increased to \$30,000 for Cumbalum Precinct A

CAUTION: Some adjustments may be necessary to account for differences in the catchment areas used by different contributions plans.
