24 February update @ 3pm

Unplanned water outage at Skennars Head

Ballina Shire Council is currently investigating the cause of an unplanned water outage at Skennars Head. We ask that Skennars Head residents please refrain from using water at this time.

At this stage, it appears the water outage is impacting a significant number of properties within Skennars Head and possibly a small section of Lennox Head.

Council apologises for the inconvenience and will continue to provide updates via local media and via Council's Facebook page once more information is available.

Here's some things to remember that will assist you during this outage:

- During any water disruption it's important to leave your taps off as the water may return at any time.
- When water returns it **may** be discoloured. This is due to sediment. Please run the tap until your water runs clear.
- Your water **may** appear milky. This is caused by small air bubbles. Don't be alarmed it is not harmful, and will settle in a short period.

If you have any enquiries in regard to this matter please contact council's Water and Wastewater Section on 1300 864 444.
