

Public Art Opportunity Wollongbar District Park

Ballina Shire Council is seeking Expressions of Interest (EOI) from professional community artist/s or facilitator teams to create public art for the new Wollongbar District Park.

The new Wollongbar District Park will provide a parkland to service the broader district, offering enjoyment and fitness opportunities for all. Construction of the parkland is currently subject to tendering processes and is due for completion in early to mid-2021.

This art opportunity aims to create inspiring integrated public art that engenders a sense of ownership and stewardship of the parkland and its facilities among the Wollongbar and Alstonville communities. It seeks to engage users of the parkland, in particular teens, in the production of community artworks.

The artist will be responsible for artwork development, design, and installation including community engagement with young people.

The maximum budget available for the project is \$22,000 (excluding GST).

Expressions of Interest close: 3pm Friday 20 November 2020.
